My dear Mr Lorimer

I have received the Cheque, and thank you warmly for your prompt attention to my request.

Mrs Hudgate have not been to civil I think, I suppose they imagine that fifty or sixty pennies is of little consequence to me, I only wish it was so, My eldest grandson has been included in the Military Conscription of this year, I have a faint hope that he will escape for the present, as the number he has drawn is high. This conscription is the most iniquitous that ever was invented. Cry Canada thank God is free from it. Are the Dividends of my little fortune in the Queensland

due yearly, or half yearly?

With love to your wife, believe
me to remain

Yours very sincerely
Fanny Keats de Llanos
